This is a secure location, we do not need this much prep security. Also we are no longer building the solar panels, so perhaps it will cut down the art department prep here. We should not need day security for prep/wrap, and only 1 guy during the night.

It's an opened gate area with access for the clients, workers and anyone who is going to buy stuff in the quarry. Also there is a movement of big trucks and machinery and I think the area around our cars and set should be controlled and watched by security. Therefore I suggest to have 2 security guys during the prep/wrap for day/night.

Metenkanych, Bohdan (Location Coordinator) 2 May 2024 17:10:34 BST

Amended after security meeting yesterday. Changes in red. New schedule attached.
